

**Awards for
Young Musicians**

**Need help with
musical costs?**

**Apply now for
up to £2,000**

We offer up to £100,000 in grants each year to exceptional young musicians aged 5-17 in need of financial support.

Through our means-tested Awards programme we provide flexible funding towards musical costs (like tuition, instrument costs or travel) plus individual support to cater to personal circumstances. This could be anything from mentoring to musical workshops, the chance to observe professional musicians, free tickets to concerts and performance opportunities.

Our key criteria are musical talent and financial need. Whatever genre the young musician plays, they can evidence their eligibility without having to have taken formal exams.

Apply by **Friday 8 March 2019**.
